### Terms and Conditions

6-Month Minimum term required. (If the customer cancels before this time the customer will be invoiced for the full 6 months) Warranty Clauses: If any product is approved for the warranty, the customer will be reimbursed for the cost of what the parts were sold for at the sale date. You may be required to pay upfront for replacement until the warranty is approved. There is NO labor charge M-F while enrolled in the savings plan (Discounted Labor charge on weekends and holidays only). If the parts or components are NOT ones that the company put in, labor may be charged. Lifetime warranties do not cover: Other companies servicing our equipment, if one part causes another part to fail, abuse, misuse, neglect to service your system properly, vandalism, fire, flood, or any natural disaster (Force Majeure Per State). You must be enrolled in the plan to receive any above discounts and be in good standing. All installations must comply with all local codes. Other services may be required for eligibility to enroll in the plan and are determined by our technicians and company. Other work may be advised before enrollment into the plan. **We reserve the right not to approve enrollment into the plan if needed.** During our safety checks/service the technician will take a look at all that can be seen and tested and let you know of any possible concerns and recommendations at that time. If work needs to be scheduled, this will be advised at that time. The maximum discount for each service call on parts under \$100.00 is \$100.00 off during each service call. Monthly payments run between the 1st - 15th of each month. The company and customer have the right to cancel at any point in time.
